

www.dooa.jp/en

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

DOOA STYLE BOOK

The style opens the door
finding more flexible ways to enjoy aquatic plants.
The design blends in with water
while highlighting the plants.
The space offers everyday life
where you feel close to water and greens.

Bright greens darken in color when exposed to light.
Soft greens embrace air bubbles under the water.
Small inhabitants tell stories as the water drops down.
Lush greenery and light reflected from water.

Welcome to the small wonders
of nature.

A new style of aquarium that can satisfy
your passion for tropical forests.
A variety of thriving aquatic plants and
the exposed red soil exude a tropical
ambience.

(ADA NATURE AQUARIUM GOODS Series)

An oasis appears in my room.

There I sense the rhythm of water and dazzling greens.
At once nostalgic and new.
On a canvas in the size I can hold on to,
draw nature full of colours.
Day by day, I carefully nurture it.

Its silhouette will blend into any places.
The oasis that gives me healing anytime.
I find myself carried away
by its changing presence under light.

A rock wall covered with various epiphytic plants. In the water beneath there are fish hiding in the aquatic plants. DOOA's new aquarium system inspires images of wild nature.

Water circulating through

Like the flow of water circulating through a river,
a small ecosystem circles as time marches on.
Along with sunrise, living things are set to rise
and plants stretch out their leaves.
Little pearls in reflecting light float around and melt away.

In my daily life, it becomes irreplaceable
as a natural entity.

My precious paradise I watch over closely.
It will be there just for me.

Just sink a piece of Wabi-Kusa in the water, and you can enjoy a wonderful aquarium. The aquarium system integrated with a filter for easy installation and maintenance.

Small, Joyful and Comfortable

Like decorating a room with flowers,
I arrange aquatic plants as my heart desires.

In this small aquarium tank,
a small ecosystem stays alive.

I cherish these moments in my everyday life.
There I will create my own style
joyfully and comfortably.

The novel design with an open space beneath the bottom plate looks attractive as an interior décor item. Add joy to your life with plants - start from here.

SOL STAND G

New sliding-type LED lighting system is designed for various sizes ranging from NEO GLASS AIR to SYSTEM TERRA 30.

- 153-001 Type A plug
- 153-002 Type C plug

- * Please use SOL STAND G Mounting piece (optional) when installing SYSTEM TERRA 30 / AQUA 30.
- * External dimensions: Light stand / W315xD310xH550 (mm)
Lighting unit / W350xD85xH8 (mm)
- * Input voltage: AC 100 to 240 V, 50 / 60 Hz
- * Power consumption: 18 W
- * Current consumption: 850 mA ± 5%
- * Luminous flux: 1,200 to 1,500 lm
- * Color temperature: 7,500 K to 8,500 K
(There may be some variation due to LED characteristics.)
- * LED: 0.3 W / each x54
- * LED lifetime: Over 30,000 hours (depending on usage environment)
- * Operating temperature environment: 0 to 35 °C

The light glows softly when turned on.
Adjustable in angle and height.

SYSTEM TERRA 30

Enjoy aqua terrarium using DOOA’s signature “Cascade” and Wabi-Kusa Mat. Try out new styles of aquatic plants.

- 151-002 USB Power Adapter (Type A plug) included
- 151-004 USB Power Adapter NOT included *1

W30xD30xH40 (cm)

- *1 For use with a USB power adapter which meets your local safety standards.
- * Common parts: Aquarium tank, Wabi-Kusa mat x6, Filtration pump (3ℓ / min), Pump stand, Outflow pipe, Flow rate controller, Filter sponge x5
- * Approximate water volume: 10ℓ
- * The use of ADA MOSS COTTON (optional) is recommended to attach aquatic plants to Wabi-Kusa Mat.

SYSTEM AQUA 30

SYSTEM AQUA 30 is an integrated aquarium with built-in filters, suitable for beginners to enjoy planted aquarium with ease. Designed for easy use of WABI-KUSA HANGER.

- 151-001 USB Power Adapter (Type A plug) included
- 151-003 USB Power Adapter NOT included *1

W30xD30xH30 (cm)

- *1 For use with a USB power adapter which meets your local safety standards.
- * Common parts: Aquarium tank, Filtration pump (3ℓ / min), Pump stand, Outflow pipe, Filter sponge x3
- * Approximate water volume: 20ℓ

SYSTEM TERRA 30 / AQUA 30 Compatible with AQUASKY G 301 and SOL STAND G.

SOL STAND G mounting piece (optional) to hold and secure SOL STAND G.

NEO GLASS TERRA H36

Designed to install WABI-KUSA WALL 60 at the rear side of the aquarium without WALL STAND 60. L-shaped side glass panels for easy installation of equipment.

151-102

W60xD30xH16 / 36 (cm)

NEO GLASS TERRA H23

Aquarium tank designed for enjoying aqua terrarium. Use with optional WABI-KUSA WALL 60 (with WALL STAND 60) or WABI-KUSA HANGER.

151-101

W60xD30xH18 / 23 (cm)

WABI-KUSA WALL 60

Optional accessory product to arrange other aquatic plants on an upright surface, using provided Wabi-Kusa mat (12 pcs) and Wabi-Kusas. Explore new styles and approaches for planted aquarium.

152-101

- * Includes: Main unit, Wabi-Kusa mat x12, TERRA Inflow Pipe, Suction cup clip (Ø 13)
- * Compatible with W60 cm tank (glass thickness 5 - 6 mm)
- * Outlet / Inlet: Ø 10 / Ø 13
- * Recommended Filter: Super Jet Filter ES -150 (3.5ℓ / min)
- * The use of ADA MOSS COTTON (optional) is recommended to attach aquatic plants to Wabi-Kusa mat.

WABI-KUSA WALL STAND 60

Exclusive parts to install WABI-KUSA WALL 60 to NEO GLASS TERRA H23. Made of stainless steel.

152-102

W58.4xH37.5 (cm)

- * Compatible with W60 cm tank (glass thickness 5 - 6 mm)

C

D

E

NEO GLASS AIR

The novel design with an open space beneath the bottom plate uniquely produces a floating feel and attractiveness as interior décor item.

151-201	A : W15×D15×H25 (cm)
151-202	B : W15×D15×H30 (cm)
151-203	C : W20×D20×H8 (cm)
151-204	D : W20×D20×H20 (cm)
151-205	E : W30×D18×H12 (cm)

WABI-KUSA HANGER

Stainless steel hanger to display Wabi-Kusa. Gives more variety to your layout making with emersed aquatic plants.

152-201	S (H30)
152-202	M (H90)
152-203	L (H170)

Small size (S) is most suitable to SYSTEM AQUA 30.

CO₂ MINI COUNTER

Glass CO₂ counter for measuring an adequate CO₂ supply. For use with CO₂ MINI DIFFUSER.

154-301	Length(H) 8.2cm	Ø12mm
---------	-----------------	-------

CO₂ COUNT DIFFUSER

Integrated CO₂ diffuser with combined bubble counter. Allows simple installation of silicon tube without bending.

154-201	Length(H) 5cm	Ø15mm
---------	---------------	-------

CO₂ MINI DIFFUSER

CO₂ MINI DIFFUSER is ideal for small-size DOOA tanks. Diffusion filter size Ø10 and Ø15 are available.

154-202	Ø10	Length(H) 8cm	Ø10mm
154-203	Ø15	Length(H) 8cm	Ø15mm

CO₂ MINI DIFFUSER J

Hanging type CO₂ diffuser. It is suitable to use with SYSTEM TERRA 30 or NEO GLASS TERRA H36.

154-204	Length(H) 11cm	Ø10mm
---------	----------------	-------

CO₂ MINI DIFFUSER is used in combination with CO₂ MINI COUNTER.

STREAM PIPE ARC

Glass-made outflow pipe for external canister filter, Super Jet Filter. It provides a slightly downward water stream. No suction cup required.

155-101	P-1 (Ø10)	Length(H) 10cm
155-102	P-2 (Ø13)	Length(H) 12cm

STREAM PIPE ORB

Glass-made outflow pipe creates a gentle stream like spring water. For use with Super Jet Filter. No suction cup required.

155-001	P-1 (Ø10)	Length(H) 11cm
155-002	P-2 (Ø13)	Length(H) 13cm

STREAM PIPE P looks well blended into water and creates a soft flow of water.

STREAM PIPE V

Glass inflow pipe ideally developed for NEO GLASS TERRA. No suction cup required / free of suction cup marks on aquarium.

155-201	V-1 (Ø13 H15)	Length(H) 15cm
155-202	V-2 (Ø13 H20)	Length(H) 20cm

No suction cup necessary for smart installation.

*Handmade glass products. The size and shape may differ slightly for each unit.

AQUA SCISSORS
AQUA SCISSORS are designed specifically for trimming aquatic plants. Curved blades make the trimming of foreground plants easier.

156-001	S	Length 17cm
156-002	M	Length 23cm

AQUA PINCETTE
Simple design tweezers for planting of aquatic plants. Moderate spring and perfectly aligned blades provide great usability.

156-101	S	Length 17.5cm
156-102	M	Length 25.5cm
156-103	L	Length 30cm

ADA company name is engraved on the tools.

WABI-KUSA MIST
Foliar spray nutrients for emerged leaves of aquatic plants growing on Wabi-Kusa Walls. It enhances the color of the leaves and has some repellent effect on pests. Spray type.

158-001	200ml
---------	-------

SUIKEI LIQUID
Liquid fertilizer containing all the nutrients necessary for planted aquarium.

158-002	200ml
---------	-------

TROPICAL RIVER SOIL
Substrate material producing a tropical atmosphere with exposed red soil. It proposes a new idea of “cosmetic soil.”

157-001	2ℓ
---------	----

TROPICAL RIVER SAND
Natural sand producing a river bank atmosphere. Slightly larger grains for making settled sediment less noticeable.

157-101	2.5kg
---------	-------

BASE STAND 35
Industrial style, low-rise stand for DOOA aquariums, including NEO GLASS AIR and SYSTEM TERRA 30 / AQUA 30. Simple top panel assembly required.

152-001	W35xD35xH43 (cm)
---------	------------------

TERRA Inflow Pipe
Compatible with both NEO GLASS TERRA H36 and H23. Adjust the length by sliding the pipe.

152-301	Ø13	Length(H) 20 ~ 32cm
---------	-----	---------------------

SOL STAND G Mounting piece
Acrylic mounting piece to hold and secure SOL STAND G when installed to SYSTEM TERRA 30 or SYSTEM AQUA 30.

152-302	Ø13
---------	-----

Protector F
For use with SYSTEM TERRA 30 or SYSTEM AQUA 30. It helps prevent fish from jumping out of tank. Made of acrylic.

152-303	W28.5cm
---------	---------

Usage example with SYSTEM TERRA 30

Different-diameter pipe
Acrylic pipe to change pipe diameter size of external canister filter to Ø10 / Ø13.

152-304	Ø10 / Ø13
---------	-----------

Suction cup clip
Use it hold a Ø13 inflow pipe, outflow pipe or hose.

152-305	Ø13 (Inc. 2pcs)
---------	-----------------

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

DOOA

A new lifestyle with aquatic plants.

I feel closer to nature in my everyday life

as if taking a deep breath in the forest.

I carefully take care of their environment

and nurture the living beings.

Growing aquatic plants give a joy of life.

It reminds me of how precious water and green can be.

Be closer to nature and enjoy its wonders more freely.

Start DOOA and fill your life with aquatic plants.
